### **SCRIPT ON SECOND PAGE**

*Feel free to change the words. The wording doesn't have to be exact. Shorten or lengthen it as you would like. Make it your own! Try to be off script. But if you need the script for reference, that's OK too.*

### **We're excited to see your video!**

Remember to record 2 contrasting characters! Have fun!

Have you ever had to tell someone you love that you are allergic to hugs!

It's the worst. Anytime someone tries to show me affection, give me a congratulations or move in close to smell me, I break out in HIVES!

I am working very hard to get ahead of this problem, I've read books, I've meditated, I've even seen a fortune teller.

But I've realized being allergic to hugs can have it's upside too.

Because I have no choice but to play hard to get... and now everyone wants to be my friend.

But for now I am allergic to hugs, so no... I am not accepting any friend applications at this time.
